Subject: DRAFT Weir EE/CA Transmittal Letter
Attachments: EECA Transmittal Letter DRAFT.PDF; ATT00001.htm

JD / Alison:

Good evening.

As indicated in my earlier email, I have attached a draft of the transmittal letter that will accompany the forthcoming EE/CA early next week.

While the content of the letter is accurate, I may do some additional word-smithing before the formal submittal. There also may be some slight modification to the items highlighted, but not too much.

I am very interested in any comment from NDEP and EPA on this draft. I will make myself available to discuss the attached at your convenience.

Thank you,

Andrew W. Steinberg
